

RUBBER SUPPORT INSERTS

Application :

Recommended to use at the supporting points of insulated pipes to prevent crushing of insulation.

Construction:

Dimensionally accurate as each piece is moulded. It has excellent resistance to deterioration. Steel reinforcement gives higher strength and load bearing capacity.

Material:

Density: 1250kg/m³

Thermal Conductivity:

As per requirement.

Maximum Temperature: 140°C

Minumum Temperature: -40°C
